

N801DM B757 Payload Analysis

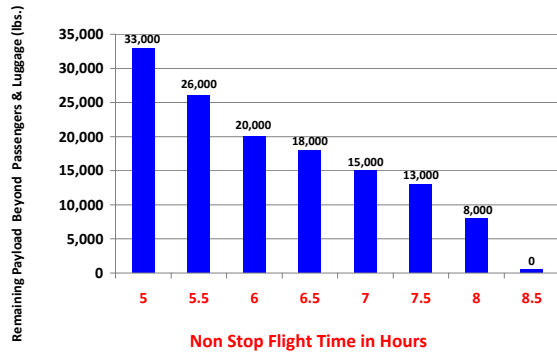

(Total Aircraft Payload vs. Non Stop Flight Time)

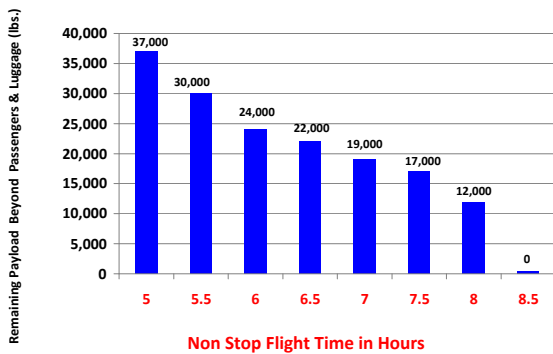

N801DM B757 Cargo Payload Capacity with 60 Passengers Onboard

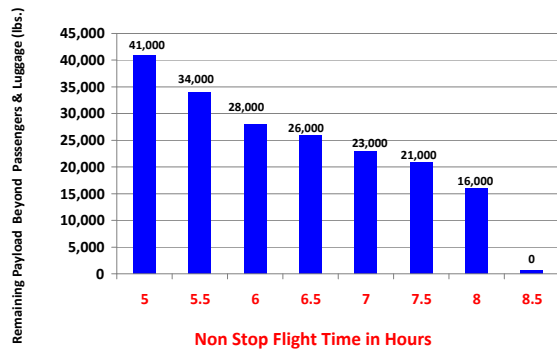

N801DM B757 Cargo Payload Capacity with 45 Passengers Onboard

N801DM B757 Cargo Payload Capacity with 30 Passengers Onboard

N801DM B757 Cargo Payload Capacity with 15 Passengers Onboard

Flight times shown above are for planning purposes only. Actual payload and cargo capacity may vary by ETOPS, destination, and weather conditions.

Passenger Weight = 266 lbs (Passenger = 190 lbs + Carry on Luggage = 16 lbs + Checked Luggage = 60 lbs)
